

DECLARATION, POWER OF ATTORNEY, AND PETITION

We, Richard J. Wurtman and Judith J. Wurtman declare that we are citizens of United States residing at 193 Marlborough St., Boston, MA. and of United States residing at 193 Marlborough St., Boston, MA. respectively; that we have read the foregoing specification and claims and we verily believe we are the original, first, and joint inventors of the invention in "Method and Compositions Utilizing d-Fenfluramine for Modifying Feeding Behavior" described and claimed therein; that we do not know and do not believe that this invention was ever known or used before our invention thereof, or patented or described in any printed publication in any country before our invention thereof, or more than one year prior to this application; or in public use or on sale in the United States more than one year prior to this application; that this invention has not been patented in any country foreign to the United States on an application filed by us or our legal representatives or assigns more than twelve months before this application; and that no application for patent on this invention has been filed by us or our representatives or assigns in any country foreign to the United States, except as follows:

And we hereby appoint Arthur A. Smith, Jr. Registration #24,178 and Paul J. Cook, Registration # 20,820

our attorneys (or agent) to prosecute this application and to transact all business in the Patent Office connected therewith.

Wherefore we pray that Letters Patent be granted to us for the invention or discovery described and claimed in the foregoing specification and claims, and we hereby subscribe our names to the foregoing specification and claims, declaration, power of attorney, and this petition.

The undersigned petitioners declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
